Oct 4, 2010	9:00 am – 3:00 pm	First Day of 4 <sup>th</sup> Group
Dec 10, 2010	9:00 am – 3:00 pm	Last Day of 4 <sup>th</sup> Group

Participants need to complete a referral form with Val Pentz (Intake Worker) 604-824-3200

All participants for Day Treatment must have a TB Test done. We generally arrange a date for this test at the Health Building.

All referrals will be contacted approximately 2 weeks prior to a group starting. They will be informed of the above dates, as well as the date of TB Testing.

If workers have a release of information with their clients, please forward a copy to us, so that we do not duplicate this. Thank you.

If you have any questions, contact Mike Pentz at 604-824-3239 or Valerie Pentz (Program Assistant) at 604-824-3217.

This program is open to people on and off reserve in the Sto:lo territory (Hope to Langley)
